
COMPLETE EQUESTRIAN SUMMER CAMP WEATHER POLICY

Weather in Colorado has a lot of ups and downs. We are prepared for whatever comes our way!

Rain

Most of our rain comes after 2pm in the summer. This is why we have our classroom projects planned for after 2pm. We have a fun list of indoor games and other horse related education and projects to keep us busy.

In the event that we have rain in the morning, we will keep an eye on windows that will allow us to rotate our groups out to the horse when we have a break in the weather.

Preparing for Weather

We recommend in our packing list for campers to be prepared with a jacket. If you see the weather may not be sunny that day, please come prepared. Water proof jackets and mud boots are great in bad weather on a farm.

Refunds and Changes to your registration

We do not offer refunds and changes to your registration due to poor weather conditions.
